

Curriculum vitae

Wim E. CRUSIO

Date of Birth: December 20, 1954

Place of Birth: Bergen op Zoom, THE NETHERLANDS

Citizenship: Dutch

Marital status: Married

Home address: 8 Lotissement Les Chênes Rouges
33370 Pompignac
FRANCE
Phone: +33 9 52 60 54 41

Laboratory: Institut de Neurosciences Cognitives et Intégratives d'Aquitaine
University of Bordeaux and CNRS UMR 5287
Bat B2 - Allée Geoffroy St. Hilaire
CS 50023
33615 Pessac cedex
FRANCE
Phone: +33 5 4000 8900
Fax: +33 5 4000 8743
Email: wim_crusio@yahoo.com
and wim.crusio@u-bordeaux.fr

Foreign languages

English, German, French

Honors

1984-1985: NATO Research Fellowship, awarded by the Dutch National Research Council (ZWO, Den Haag, The Netherlands).

1985-1987: Alexander-von-Humboldt Research Stipend, AvH Foundation, Bonn, GERMANY.

1988: Visiting Scientist Research Stipend, Fondation FYSSEN, Paris, FRANCE.

1991-2008: Associate Editor, *The Behavioral and Brain Sciences*.

1998-2001: President, International Behavioural and Neural Genetics Society (IBANGS).

2001: elected Fellow, International Behavioral Neuroscience Society (IBNS).

2001, 2004, and 2008: nominated as candidate for President-elect, International Behavioral Neuroscience Society (IBNS; nomination not accepted).

2001-2011: Editor-in-Chief, *Genes, Brain and Behavior*.

2002, 2003, and 2010: Candidate for President-elect, International Behavioral Neuroscience Society (IBNS).

2007: Article originally published in 1986 reprinted in special issue of *Journal of Neurogenetics* on "Origins of Neurogenetics".

2011: Distinguished Service Award, International Behavioural and Neural Genetics Society.

Education

- Bachelor's degree in Biology, University of Nijmegen, THE NETHERLANDS, November 4, 1975.
- Master's degree in Biology with secondary/high school teaching certification, University of Nijmegen, THE NETHERLANDS, June 13, 1979. Thesis: "De rol van het reukvermogen in de regulatie van het exploratieve gedrag bij vier inteeltstammen van de muis (*Mus musculus* L.)." Supervisor: Dr. J.H.F. van ABELEN. With honors.
- Ph.D., University of Nijmegen, THE NETHERLANDS, January 26, 1984. Thesis: "Olfaction and behavioral responses to novelty in mice: A quantitative-genetic analysis." Supervisors: Dr. J.H.F. van ABELEN and Prof. A.P. van OVERBEEKE.
- Habilitation à diriger des recherches, University René Descartes (Paris V), FRANCE, October 21, 1991. Thesis: "Hippocampe et régulation du comportement chez la souris: Analyse génétique." Jury: Prof. A. COBLENTZ (President), Prof. J.-M. JALLON, Dr. R. NAQUET (Rapporteur), Prof. P. ROUBERTOUX (Director), Prof. B. SOUMIREU-MOURAT (Rapporteur).

Academic appointments

- October 1979 - May 1984: wetenschappelijk medewerker (research assistant), Department of Animal Physiology, University of Nijmegen, THE NETHERLANDS.
- June 1984 - May 1985: Stipend of the Dutch Organization for Pure Scientific Research (Z.W.O.: NATO Science Fellowship), Institut für Humangenetik und Anthropologie (Director: Prof. F. VOGEL), University of Heidelberg, GERMANY.
- June 1985 - January 1987: Stipend of the ALEXANDER-VON-HUMBOLDT Foundation (Bonn, F.R.G.), Institut für Humangenetik und Anthropologie, University of Heidelberg, GERMANY.
- February 1987 - December 1987: Senior researcher (BAT 1b), Institut für Humangenetik und Anthropologie, University of Heidelberg, GERMANY.
- January 1988 - December 1988: Visiting scientist, with support from the Fondation FYSSEN, Groupe Génétique, Neurogénétique et Comportement (Director: Prof. P.L. ROUBERTOUX), University René Descartes (Paris V), Paris, FRANCE.
- January 1989 - December 1990: Senior researcher (BAT 1b), Institut für Humangenetik und Anthropologie, University of Heidelberg, GERMANY.
- October 15, 1990 - September 30 1994: Chargé de Recherches Ière classe (senior researcher), CNRS URA 1294 Génétique, Neurogénétique et Comportement, Paris, FRANCE. Tenured: July 2, 1992.
- October 1, 1994 - September 30, 2000: Directeur de Recherches IIème classe, (research director), CNRS URA 1294 Génétique, Neurogénétique et Comportement, Paris, FRANCE (from July 15, 1997: UPR 9074, Génétique, Neurogénétique et Comportement, Institut de Transgénose, Orléans, FRANCE).
- October 1, 2000 - July 31, 2005: Professor of Psychiatry, Brudnick Neuropsychiatric Research Institute, Department of Psychiatry, University of Massachusetts Medical School, Worcester, MA, UNITED STATES.
- August 1, 2005 - October 1, 2008: Directeur de Recherches IIème classe (research director 2nd class), CNRS UMR 5106, Laboratoire de Neurosciences Cognitives (since 01/01/2007: Centre de Neurosciences Intégratives et Cognitives, CNRS UMR 5228), Talence, FRANCE.
- October 1, 2008 - present: Directeur de Recherches Ière classe (research director 1st class), CNRS UMR 5228, Institut de Neurosciences Cognitives et Intégratives d'Aquitaine, Bordeaux/Talence, FRANCE.

Administrative duties, supervision of research

- 1980 - 1982: Two Master's theses (Biology), University of Nijmegen, THE NETHERLANDS.
- 1984 - 1990: Several Master's, Ph.D. (Biology), and M.D. theses, University of Heidelberg, GERMANY.
- December 1990 - December 1995: Direction of a research group "Behavioral Neurogenetics of the Mouse" with two tenured researchers (1990-1995: J.-Y. BERTHOLET, Maître de Conférences 1ère Classe, University Paris V; 1995: F. BONNET Chargé de Recherche 1ère Classe au CNRS), one postdoctoral researcher (F. SLUYTER, stipends from NATO and the FYSSEN FOUNDATION) and two Ph.D. students (L. JAMOT and A. LAGHMOUCH).
- January 1996 - September 2000: Direction of a research group "Behavioral Neurogenetics of the Mouse" with two tenured researchers (F. BONNET, until June 1997, and M. NAVET, Chargés de Recherches 1ère Classe au CNRS), one postdoctoral researcher (F. SLUYTER, stipends from NATO and the FYSSEN FOUNDATION; until November 1997; S. ALYAN, stipend from the FYSSEN FOUNDATION, 1999), one technician (G. HAENTJENS, INSERM, since September 1997) and several Master's and Ph.D. students.
- 1998 - 2000: Full member, Commission de Spécialistes 66/69th Sections; Vice-President of the joint Commission 66/69th and 16th Sections. University François Rabelais, Tours, FRANCE. (Standing Search, Tenure, and Promotion Committee, Neuroscience).
- 1998: Commission d'interclassement des propositions d'avancement ITA, CNRS Délégation Centre-Auvergne-Limousin, Orléans, FRANCE. (Tenure and Promotion Committee).
- 2002 - 2004: Library and Learning Committee, University of Massachusetts Medical School, Worcester, MA, UNITED STATES.
- 2003: LCME Working Group #17: Library/IS resources, University of Massachusetts Medical School, Worcester, MA, UNITED STATES.
- August 2005 - present: Direction of a research group "Behavioral Neurogenetics" with four tenured researchers (Y. CHO, V. LEMAIRE-MAYO, P. ROSAY, and J. VEENSTRA), one postdoctoral researcher (S. PIETROPAOLO), three technicians (M.-P. ALGEO, B. BONHEUR, and A. CORNUEZ), and several master's and Ph.D. students.
- January 2006 - 2010: Member, Management Committee, Centre de Neurosciences Intégratives et Cognitives, CNRS UMR 5228, Talence, FRANCE.
- October 2006 - 2010: Member of the Scientific Advisory Board of the Neuro-Bsik Mouse Phenomics Consortium (consortium consisting of 5 universities and 2 companies), Rotterdam, THE NETHERLANDS.
- January 2007: Chair, External Evaluation Committee, Laboratory of Neurobiology, University of Orleans, FRANCE.
- January 2007 - January 2011: Director, Mouse Core Facility, University of Bordeaux 1, FRANCE.
- January 2007 - December 2011: Member of the Scientific Advisory Board of the Leibniz Institute of Neurobiology, Magdeburg, GERMANY.
- 2007 - 2012: Member, Comité d'Ethique en Matière d'Expérimentation Animale pour la Région Aquitaine et Poitou-Charentes (regional ethics committee, comparable to IACUC), Bordeaux, FRANCE.
- 2008 - 2011: Member, Wiley-Blackwell Neuroscience Expert Network, Hoboken, NJ, UNITED STATES.
- October 2010 - December 2015: Adjunct Director, Institut de Neurosciences Cognitives et Intégratives d'Aquitaine, University of Bordeaux and CNRS, Bordeaux/Talence, FRANCE.

- 2010 - present: Member, External Advisory Committee, Intellectual and Developmental Disabilities Research Center, University of Massachusetts Medical School, Worcester, MA, UNITED STATES.
- 2012 - 2013: Advisor, Academic Selection Board, International Center for Chemical and Biological Sciences, University of Karachi, PAKISTAN.
- November 2013: Chair of the Scientific and Industrial Advisory Board of the NeuroBasic PharmaPhenomics Consortium (consortium consisting of 5 universities and 6 companies), Amsterdam, THE NETHERLANDS.

Abstracts

Several abstracts of oral and poster presentations at scientific meetings are published each year.

Teaching experience

September 1975 - August 1976: Biology teacher, Thomas More College (High School), Oudenbosch, THE NETHERLANDS.

February 1979 - August 1979: Biology teacher, Stedelijke Scholengemeenschap (High School) and Rijks Pedagogische Akademie (teacher's training college), Middelburg, THE NETHERLANDS.

October 1979 - May 1984: Instructor (Animal Physiology), University of Nijmegen, THE NETHERLANDS.

- June 1984 - December 1987: Instructor (General Genetics and Human Genetics), University of Heidelberg, GERMANY.
- November 1991: Instructor (Anatomy and Development of Cognitive Functions) UFR Necker - Enfants Malades, University Paris V René Descartes, Paris, FRANCE.
- October 1995: Director, Première Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/First French-American Summerschool on Neurobehavioral Genetics, Paris, FRANCE.
- October 1995-present: Instructor (Quantitative Genetics), Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/ French-American Summerschool on Neurobehavioral Genetics, held annually at different locations in Europe and the UNITED STATES (2006: BRAZIL).
- October 1995 - October 1999: Instructor (Behavioral Neurogenetics of the Mouse), Centre d'Enseignement de l'Institut Pasteur, Paris, FRANCE.
- September 1997: Director, Troisième Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/Third French-American Summerschool on Neurobehavioral Genetics, Orléans, FRANCE.
- February 1998: Instructor, Diplôme des Etudes Approfondie "Neurosciences", University Pierre et Marie Curie (Paris VI), Paris, FRANCE.
- November 1998-November 1999: Instructor, Diplôme des Etudes Approfondie "Biology du Comportement" (Behavioral Biology), University Paris XIII, Villetaneuse, FRANCE.
- February 2000: Instructor (Genetics of Laboratory Animals), Formation d'Habilitation d'Expérimentation sur Animaux Vertébrés Vivants, Groupement d'Etablissements (GRETA) Loiret Centre, Paris, FRANCE.
- August 2002: Director of the Huitième Ecole d'Eté Internationale en Neurogénétique Comportementale/Eighth International Summerschool on Neurobehavioral Genetics, Worcester, MA, UNITED STATES.
- 2002-2004: Instructor, Basis of Brain Disease Course, University of Massachusetts Medical School, Worcester, MA, UNITED STATES.
- April 2004: Instructor, Psychobiology Advanced Topics (Behavior Genetics Writing, Intensive Course for undergrads) and Seminar in Physiological Psychology (Behavior Genetics for graduate students), University of Hawai'i at Manoa, Honolulu, HI, UNITED STATES.
- November 2006: Instructor, Neuroscience Master's Course, Autonomous University of Barcelona, Barcelona, SPAIN.
- June 2007: Instructor, "Neurotrain" Summer School of the Federation of the European Neuroscience Societies on "Choosing the right models for research on cognition and its disturbances", Ofir, PORTUGAL.
- February 2009: Instructor, Neuroscience Master's Course, Université de Bordeaux 1, Bordeaux, FRANCE.

Contributions at scientific meetings

Oral presentations at international meetings

- 1/ Quantitative-genetic analyses of exploratory behavior in mice, using olfactory capability as a macro-environmental variable. 12th Annual Meeting, Behavior Genetics Association, Fort Collins, UNITED STATES, June 1982.
- 2/ Adaptive value of mouse behaviors: Usefulness of different cross-breeding approaches. 13th Annual Meeting, Behavior Genetics Association, Symposium "Experimental Approaches to Behavioral Evolution in Rats and Mice". London, UNITED KINGDOM, July 1983 (invited).
- 3/ Zinc-induced peripheral anosmia and mouse exploratory behavior: A quantitative-genetic analysis. 15th Annual Meeting, Behavior Genetics Association, State College, UNITED STATES, June 1985.

- 4/ A new method for testing the assumptions underlying diallel-cross analyses. 15th Annual Meeting, Behavior Genetics Association, State College, UNITED STATES, June 1985.
- 5/ Discussant. Colloquium on Genetics, Neurogenetics and Aggression, Aussois, FRANCE, March 1988 (invited).
- 6/ Multivariate quantitative-genetic analysis of behavioral responses to novelty and structural variation of the hippocampus in mice. 18th Annual Meeting of the Behavior Genetics Association, Symposium "Neurobehavioral Genetics", Nijmegen, THE NETHERLANDS, June 1988 (invited).
- 7/ Genetic selection for novelty-induced rearing behavior in mice produces changes in hippocampal mossy fiber distributions. 18th Annual Meeting of the Behavior Genetics Association, Nijmegen, THE NETHERLANDS, June 1988.
- 8/ Genetic correlations between hippocampal mossy fiber distribution and open-field behavior in the mouse. 20th Annual Meeting of the European Brain and Behaviour Society, Special Interest Session "Animal Models in Brain and Behaviour Research", Zurich, SWITZERLAND, September 1988 (invited).
- 9/ Discussant. Workshop "Teaching Behavior Genetics", 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990 (invited).
- 10/ Discutant. Workshop "Recent Developments in Behavior Genetics", 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990 (invited).
- 11/ Spatial and non-spatial spontaneous alternation and hippocampal anatomy in nine inbred mouse strains. 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990.
- 12/ Spatial and non-spatial reference memory in a T-maze task: No correlation with hippocampal mossy fiber distribution in the mouse. 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990.
- 13/ Genetically-determined variation in hippocampal morphology and radial-maze learning in mice. 20th Annual Meeting of the Behavior Genetics Association, Symposium "Neurobehavioral Genetics", Aussois, FRANCE, June 1990 (invited).
- 14/ Behavioral and neuroanatomical substrain divergence in C57BL/6J inbred mice. 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990
- 15/ Early postnatal hyperthyroidism alters hippocampal circuitry and improves learning in spatial radial-maze tasks in adult mice. 12th Low Countries Meeting, Troponwerke, Cologne, GERMANY, April 1991.
- 16/ Multivariate quantitative-genetic analysis of two-way active avoidance learning, locomotor activity, and hippocampal mossy fibers in mice. Symposium "Neurobehavioral-Genetic Dissection of Two-Way Active Avoidance Learning in Mice and Rats", 22nd Annual Meeting of the Behavior Genetics Association, Boulder, UNITED STATES, July 1992 (invited).
- 17/ Chairman. Round Table "Genetics as a tool to dissect the relationships between behaviors or between brain and behaviors", Jacques Monod Conference on "Genetics, Neurogenetics and Behavior", Aussois, FRANCE, October, 1992 (invited).
- 18/ Genetic covariations between exploratory behavior and hippocampal mossy fibers in mice. Symposium "Behavioural neurogenetics in mammals", 21st Göttingen Neurobiology Conference, Göttingen, GERMANY, June 1993 (invited).
- 19/ Canalization of behavioral development and heterozygosity in mice. 23rd Annual Meeting of the Behavior Genetics Association, Symposium "Regulation of Neurobehavioral Development", Sydney, AUSTRALIA, July 1993 (invited).

- 20/ A multivariate quantitative-genetic analysis of behavioral development in mice. 23rd Annual Meeting of the Behavior Genetics Association, Sydney, AUSTRALIA, July 1993.
- 21/ Genetic covariations between behaviour and anatomical variations in the hippocampus of the mouse. XVII International Genetics Congress, Symposium "Behaviour Genetics and Brain Function", Birmingham, UNITED KINGDOM, August 1993 (invited).
- 22/ Quantitative-genetic approaches towards the analysis of phenogenetic and phylogenetic aspects of the causation of behavior. XXIII International Ethological Conference, Symposium "Behavior-Genetic Analysis", Torremolinos, SPAIN, September 1993 (invited).
- 23/ Natural selection on hippocampal circuitry underlying spatial and exploratory behaviour in mice: Quantitative-genetic analysis. NATO Advanced Study Institute, "Behavioural brain research in naturalistic and semi-naturalistic settings: possibilities and perspectives", Maratea, ITALY, September 1994 (invited).
- 24/ The causation of exploration in mice: Natural selection on underlying hippocampal circuitry. First French-American Symposium on "Heredity, Central Nervous System and Behavior", Richmond, UNITED STATES, June 1995 (invited).
- 25/ Genetic dissection of brain-behavior relationships in mice: hippocampal mossy fibers and learning in radial-maze tasks. Jacques Monod Conference "Genetics, Neurogenetics and Behavior II", La-Londe-Les-Maures, FRANCE, October, 1995.
- 26/ Hippocampal morphometry and behavior in mice. First workshop of the Euro-Asian Commission of the International Brain Research Organization, Izmir, TURKEY, December 1995 (invited).
- 27/ Genetic correlations between hippocampal neuroanatomical variations and attack behavior in mice. Colloque "Heredity, Nervous System, and Behavior", Symposium "Neurobehavioral Genetics and Aggression", Washington, D.C., UNITED STATES, November 1996 (invited).
- 28/ Neurogenetic analysis of brain and behavior. Joint European Brain and Behaviour Society-BIOTEC 96 Congress "Biotechnology in Brain and Behavior Research", Düsseldorf, GERMANY, November 1996 (invited).
- 29/ Hippocampal involvement in spatial and non-spatial radial maze learning in inbred mice. 29th Annual General Meeting of the European Brain and Behaviour Society, Symposium "Genetic models: How can they help to identify the neural basis of behaviour", Tutzing, GERMANY, September 1997 (invited).
- 30/ Spatial and non-spatial radial maze learning in inbred mice. Session "Learning and Memory", Third French-American Symposium on "Heredity, Central Nervous System, and Behavior", Orléans, FRANCE, September 1997 (invited).
- 31/ Arrière-fond génétique et expression des mutations ciblées. IFFA-CREDO and Institut Pasteur, 14èmes Journées d'Etude/30ème Anniversaire "L'animal de laboratoire en 1997", Paris, FRANCE, November 1997 (invited).
- 32/ Aggressive genes? The genetics of brain and behavior. International Science Festival, Göteborg, SWEDEN, May 1998 (invited).
- 33/ Phenotypical characterization of a single gene mutation affecting hippocampal anatomy in C57BL/6J inbred mice. Mini-summer school "Ecological Brain Research in Russia", Moscou and Field Station Chicti Lec, RUSSIE, August 1998 (invited).
- 34/ The effects of prenatal exposure to ethanol on hippocampal neuroanatomy and spatial learning in a radial maze in three inbred mouse strains. Sixth World Congress on Psychiatric Genetics, Bonn, GERMANY, October 1998.
- 35/ Hippocampal regulation of spatial and non-spatial strategies used by inbred mice to solve radial maze problems. 28th Annual Meeting of the Society for

- Neuroscience, Satellite Symposium "Knockouts and Mutants, Genetically Dissecting Brain and Behavior", San Diego, CA, UNITED STATES, November 1998.
- 36/ Génétique et agressivité: Sommes-nous esclaves de nos gènes ? Public Lecture, 8th Annual Meeting of the International Behavioral Neuroscience Society, Nancy, FRANCE, June 1999 (invited).
- 37/ Multivariate genetic analysis of hippocampal regulation of shuttle box performance in mice. 31st Annual General Meeting of the European Brain and Behaviour Society, Symposium "What genetically-defined animals can teach us about what is being learned in common laboratory tasks", Rome, ITALY, September 1999 (invited).
- 38/ Summer schools: An opportunity for training. The role of the embassies. Sixth meeting of the European scientific counselors group, French Embassy, Stockholm, SWEDEN, November 1999 (invited).
- 39/ What genetics can teach us about radial maze learning in mice. Symposium Behavioural Phenotyping of Mouse Mutants, Cologne, GERMANY, February 2000 (invited).
- 40/ Genetic dissection of mouse exploratory behavior. Symposium Behavioural Phenotyping of Mouse Mutants, Cologne, GERMANY, February 2000 (invited).
- 41/ Chair. Working group "Non-Cognitive Behaviour", Symposium Behavioural Phenotyping of Mouse Mutants, Cologne, GERMANY, February 2000 (invited).
- 42/ Aggressive genes? The genetics of brain and behavior. International Science Festival, Göteborg, SWEDEN, May 2000 (invited).
- 43/ Behavioral neurogenetics at the millenium: Problems and opportunities. Symposium "Genetic approaches for target discovery in mouse and rat models", Roche Genetics, Nutley, NJ, UNITED STATES, May 2000 (invited).
- 44/ Neuroanatomical and behavioral evaluation of *Fmr1* knock-out mice. 25th Annual Winter Conference on the Neurobiology of Learning and Memory, Park City, UT, United States, January 2001 (invited).
- 45/ What genetics can teach us about spatial learning in mice. Symposium "Spatial Cognition and Anxiety", Paris, FRANCE, January 2001 (invited).
- 46/ Knock-out mice: some simple experimental solutions to the genetic background and flanking gene problems. 4th Annual Meeting of the International Behavioural and Neural Genetics Society, San Diego, CA, United States, November 2001.
- 47/ Chair. Behavioral phenotyping of rodents. Fifth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2005", Wageningen, THE NETHERLANDS, August 2005 (invited).
- 48/ How smart is my mouse? Opening Keynote Address, 3rd Annual Meeting "Molecular Genetics of the Mind", Heron Island, Queensland, AUSTRALIA, October 2005 (invited).
- 49/ How smart is my mouse? The genetic dissection of memory systems in the mouse. 15th Annual Meeting of the International Behavioral Neuroscience Society, Symposium "Genes meet behavior: a joint symposium between the International Behavioral Neuroscience Society and International Behavioural and Neural Genetics Society", Whistler, BC, CANADA, May 2006 (invited).
- 50/ Inferring learning and memory from behavioral performance in mice. "Neurotrain" Summer School of the Federation of the European Neuroscience Societies on "Choosing the right models for research on cognition and its disturbances", Ofir, Portugal, June 2007 (invited).
- 51/ Génétique et agression: Sommes-nous esclaves de nos gènes ?/ Genetik und Aggression: Sind wir die Sklaven unsere Gene? Humboldt-Kolleg "War and Peace: the Role of Science and Arts", Paris, FRANCE, November 2007 (invited).

- 52/ Chair. Measuring behavior in a clinical context. Sixth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2008", Maastricht, THE NETHERLANDS, August 2008 (invited).
- 53/ How smart is my mouse? Pitfalls in measuring behavior. 43rd Annual Meeting of the European Brain and Behavior Society, Symposium "Individual differences in cognition and behavior, do they interfere with measuring?" Seville, SPAIN, September 2011 (invited).
- 54/ How smart is my mouse? Pitfalls in measuring behavior. Satellite Symposium "Standardization of Behavioral Tests in Mouse Phenotyping – Variety, Methodology, and Other Important Considerations". Washington DC, UNITED STATES, November 2011, (invited).
- 55/ What do we want to reproduce? Colloque "Replicability and Reproducibility of Discoveries in Animal Phenotyping", Tel Aviv, ISRAEL, January 2015 (invited).

Oral presentations at national meetings

- 1/ Exploratie en habituatie bij de muis en de invloed van olfactorische stimuli. Nederlandse Contactgroep voor Gedragsgenetica, Utrecht, THE NETHERLANDS, December 1976 (invited).
- 2/ Olfactorische informatieverwerking en exploratief gedrag bij verschillende ingeteelde stammen van muizen. Nederlandse Contactgroep voor Gedragsgenetica, Amsterdam, THE NETHERLANDS, January 1980 (invited).
- 3/ Kwantitatief-genetische analyses van exploratief gedrag bij muizen. Nederlandse Contactgroep voor Gedragsgenetica, Utrecht, THE NETHERLANDS, November 1982 (invited).
- 4/ Kwantitatief-genetische analyses van exploratief gedrag bij muizen. Werkgemeenschap Ethologie, Texel, THE NETHERLANDS, December 1982.
- 5/ Mossige hippocampi zijn beter: Neuro-gedragsgenetisch onderzoek naar de functie van de hippocampus in exploratieve activiteit en leergedrag bij muizen. Nederlandse Contactgroep voor Gedragsgenetica, Nijmegen, THE NETHERLANDS, May 1987 (invited).
- 6/ Neurobehavioral-genetic investigations into the functioning of the mouse hippocampus. Société Française pour l'Etude du Comportement Animal, Groupe Génétique et Comportements, Tours, FRANCE, January 1988 (invited).
- 7/ Correlaties tussen radial-maze leren en structurele hippocampale variatie bij de muis. Nederlandse Contactgroep voor Gedragsgenetica, Nijmegen, THE NETHERLANDS, March 1989 (invited).
- 8/ Vroeg-postnatale hyperthyroidie verbetert radial-maze leren bij de muis. Nederlandse Contactgroep voor Gedragsgenetica, Amsterdam, THE NETHERLANDS, March 1991 (invited).
- 9/ Multivariate kwantitatief-genetische analyse van two-way active-avoidance leren, locomotorische activiteit en hippocampale mosvezels bij de muis. Nederlandse Contactgroep voor Gedragsgenetica, Het Spelderholt, Beekbergen, THE NETHERLANDS, March 1992 (invited).
- 10/ Kwantitatief-genetische analyse van hippocampale mosvezeldistributie en leren in een radiaal-doolhof in twee substammen van C57BL/6J inteeltmuizen. Nederlandse Contactgroep voor Gedragsgenetica, Groningue, THE NETHERLANDS, February 1994 (invited).
- 11/ Effets neuroanatomiques et comportementaux d'une alcoolisation prénatale chez trois lignées de souris consanguines. 12ème Colloque de L'Institut de Recherches Scientifiques sur les Boissons, Paris, FRANCE, November 1994 (invited).

- 12/ Maternale prenatale alcoholconsumptie en neuroanatomie en leergedrag in drie inteeltstammen van de muis. Nederlandse Contactgroep voor Gedragsgenetica, Amsterdam, THE NETHERLANDS, March 1995 (invited).
- 13/ Vijfentwintig jaar Nederlandse gedragsgenetica. Nederlandse Contactgroep voor Gedragsgenetica, Leiden, THE NETHERLANDS, April 1996 (invited).
- 14/ Funktionele consequenties van neuroanatomische variatie in de hippocampus bij de muis. Nederlandse Contactgroep voor Gedragsgenetica, Leiden, THE NETHERLANDS, April 1996 (invited).
- 15/ Leerstrategien gebruikt door inteeltmuizen bij het oplossen van radial maze problemen. Nederlandse Contactgroep voor Gedragsgenetica, Nijmegen, THE NETHERLANDS, August 1997 (invited).
- 16/ Aggressieve genen: Zijn wij de slaven van onze genen? Nederlandse Contactgroep voor Gedragsgenetica, Amsterdam, PAYS-BAS, May 1999 (invited).
- 17/ What genetics can teach us about learning in mice. 33rd Annual Meeting of the Massachusetts Association of Science Supervisors, Worcester, MA, United States, May 2001 (invited).
- 18/ Aggressive genes? The genetics of brain and behavior. 33rd Annual Meeting of the Massachusetts Association of Science Supervisors, Worcester, MA, United States, May 2001 (invited).
- 19/ Hippocampal neurogenesis and behavior in the chronic mild stress mouse model of depression. Micro-colloque "Approches génétiques de la dépression modélisée chez la souris", Orléans, FRANCE, March 2005 (invited).
- 20/ Modèles murins de maladies neuropsychiatriques. Aspects comportementaux. Réunion annuelle de la Société de Circulation Et Métabolisme du Cerveau, Paris, FRANCE, January 2007 (invited plenary).
- 21/ How smart is my mouse? The genetic dissection of memory systems in the mouse. 6th Annual Meeting of the Turkish Neuroscience Society, Safranbolu, Turkey, April 2007 (invited plenary).
- 22/ A brief history of the Dutch "Contactgroep voor de Gedragsgenetica". Annual Meeting of the Dutch Behavior Genetics Contact Group, Utrecht, THE NETHERLANDS, March 2008 (invited).
- 23/ Mouse models of neuropsychiatric disorders. Annual Meeting of the Dutch Behavior Genetics Contact Group, Utrecht, THE NETHERLANDS, March 2008 (invited).
- 24/ Aggressive genes: Are we the slaves of our genes? Symposium "Neurosciences et souffrances psychiques: réflexions éthiques", Neuvième Colloque de la Société des Neurosciences, Bordeaux, FRANCE, May 2009 (invited).

Invited seminars

- 1/ Quantitativ-genetische Analysen von Neugierverhalten in der Maus. Institut für Humangenetik und Anthropologie, University of Heidelberg, GERMANY, February 1983.
- 2/ Möglichkeiten der quantitativen Genetik, dargestellt an Beispielen aus der Neurogenetik und Verhaltensgenetik an der Maus. Institut für Humangenetik, University of Bonn, GERMANY, February 1986.
- 3/ Quantitative-genetics: Theory and application with emphasis on the diallel cross. Groupe Génétique, Neurogénétique et Comportement, University René Descartes (Paris V), FRANCE, February 1988.
- 4/ Neurobehavioral-genetic investigations into the functioning of the mouse hippocampus. Groupe Génétique, Neurogénétique et Comportement, University René Descartes (Paris V), FRANCE, April 1988.

- 5/ Correlations between radial-maze learning and hippocampal structural variation in mice. Dept. of Behavior Genetics, University L. Eötvös, Göd, HUNGARY, April 1989.
- 6/ Corrélations génétiques entre l'apprentissage dans un labyrinthe radiaire et les fibres moussues intra- et infrapyramidales de l'hippocampe chez la souris. CNRS URA 1294, Génétique, Neurogénétique et Comportement, University René Descartes (Paris V), FRANCE, May 1989.
- 7/ Neuro-verhaltensgenetische Untersuchungen über die Funktion des Hippokampus im Neugier- und Lernverhalten bei der Maus. Institut für Neurobiology und Hirnforschung, Akademie der Wissenschaften der DDR, Magdeburg, DEMOCRATIC REPUBLIC GERMANY, July 1990.
- 8/ Multivariate-genetische Analyse von Shuttle-Box-Lernen und Hippokampusanatomie bei der Maus. Institut für Neurobiology und Hirnforschung, Magdeburg, GERMANY, April 1991.
- 9/ Behavioral correlates of hippocampal anatomical variations in mice (Alias: Do learning capabilities differ between French and German mice?). Dept. of Psychology, University of Toronto, Ontario, CANADA, August 1991.
- 10/ Behavioral correlates of hippocampal anatomical variations in mice (Alias: Do learning capabilities differ between French and German mice?). Dept. of Zoology, University of York, Ontario, CANADA, August 1991.
- 11/ Behavioral correlates of hippocampal anatomical variations in mice (Alias: Do learning capabilities differ between French and German mice?). Neurology Research, Children's Hospital, Harvard University, Boston, MA, UNITED STATES, August 1991.
- 12/ Hippocampal mossy fibers and radial-maze learning in mice. Biobehavioral Sciences, University of Connecticut, Storrs, CT, UNITED STATES, August 1991.
- 13/ Korrelationen zwischen Verhalten und anatomischer Variation des Hippokampus bei der Maus - oder: Lernen französische Mäuse besser als Deutsche? Abteilung für Vergleichende Neurobiology, Universität Ulm, GERMANY, September 1991.
- 14/ Exploratief gedrag en anatomische variatie in de hippocampus van de muis: Kwantitatief-genetische analyse. Vakgroep Dierfysiologie, Rijks University of Groningen, THE NETHERLANDS, December 1991.
- 15/ Ruimtelijk en niet-ruimtelijk geheugen en anatomische variatie in de hippocampus van de muis. Vakgroep Dierfysiologie, Rijks University of Groningen, THE NETHERLANDS, December 1991.
- 16/ Covariations génétiques entre comportements et variations anatomiques dans l'hippocampe chez la souris. INSERM U 259, Psychobiology des comportements adaptatifs, University of Bordeaux II, FRANCE, October 1993.
- 17/ Genetische co-variantie tussen gedrag en anatomische variaties in de hippocampus bij de muis. Psychoneuropharmacological Research Unit, University of Nijmegen, THE NETHERLANDS, December 1993.
- 18/ Covariations génétique entre l'apprentissage dans des labyrinthes et variations neuroanatomiques de l'hippocampe chez la souris. CNRS URA 1491, Neurobiology de l'Apprentissage et de la Mémoire, University of Paris Sud (Paris XI), FRANCE, December 1994.
- 19/ Genetic covariations between spatial learning and structural variation of the hippocampus in the mouse, or: do French and German mice learn differently? Dept. of Experimental Zoology, University of Nijmegen, THE NETHERLANDS, December 1994.
- 20/ Modélisation en génétique quantitative: La méthode de Kerbusch. Laboratoire de Statistique, CNRS URA 1323, University René Descartes (Paris V), Paris, FRANCE, March 1995.

- 21/ Hippocampal mossy fibres and radial maze learning in mice. Dept. of Psychology, University of Alberta, Edmonton, CANADA, June 1995.
- 22/ Functional consequences of neuroanatomical variations in the mouse hippocampus. Neuroscience Department, Genentech Inc., South San Francisco, CA, UNITED STATES, May 1996.
- 23/ Neuroverhaltensgenetische Untersuchungen von Aggressionsverhalten bei Mensch und Maus. Sonderforschungsbereich 400, Molekulare Grundlagen zentralnervöser Erkrankungen, University of Bonn, GERMANY, July 1997.
- 24/ Génétique et agression: Sommes-nous esclaves de nos gènes ? Muséum de l'Histoire Naturelle, Orléans, FRANCE, November 1998.
- 25/ Behavioral neurogenetics of aggression in man and mice: Are we slaves of our genes? Institute of Cell Biology, Eidgenössische Technische Hochschule, Zürich, SWITZERLAND, March 1999.
- 26/ Hippocampal mossy fibers and radial-maze learning abilities in inbred mice. McLaughlin Research Institute, Great Falls, MT, United States, July 1999.
- 27/ Hippocampal mossy fibers and radial-maze learning abilities in inbred mice. Portland Alcohol Research Center, Portland, OR, United States, July 1999.
- 28/ Neuroanatomical variations in the hippocampus and behavior in mice: What genetics can teach us about learning. Parke-Davis Pharmaceutical Research, Ann Arbor, MI, UNITED STATES, October 1999.
- 29/ Génétique et agression: Sommes-nous esclaves de nos gènes? French Embassy, Stockholm, SWEDEN, November 1999.
- 30/ Summer schools: An opportunity for training. The role of the embassies. French Embassy, Stockholm, SWEDEN, November 1999.
- 31/ Neuroanatomical variations in the hippocampus and behavior in mice: What genetics can teach us about learning. Division of Geriatric Medicine, Karolinska Institute, Stockholm, SWEDEN, November 1999.
- 32/ Neuroanatomical variations in the hippocampus and behavior in mice: What genetics can teach us about learning. Dept. of Psychology, University of Alberta, Edmonton, CANADA, February 2000.

Organization of scientific meetings

- 1/ 17th Annual Meeting of the Dutch Behavior Genetics Contact Group, Leiden, THE NETHERLANDS, January 1988.
- 2/ Symposium "Neurobehavioral Genetics", 18th Annual Meeting of the Behavior Genetics Association, Nijmegen, THE NETHERLANDS, June 1988.
- 3/ 18th Annual Meeting of the Dutch Behavior Genetics Contact Group, Nijmegen, THE NETHERLANDS, March 1989.
- 4/ 19th Annual Meeting of the Dutch Behavior Genetics Contact Group, Groningen, THE NETHERLANDS, March 1990.
- 5/ Symposium "Neurobehavioral Genetics", 20th Annual Meeting of the Behavior Genetics Association, Aussois, FRANCE, June 1990.
- 6/ 20th Annual Meeting of the Dutch Behavior Genetics Contact Group, Amsterdam, THE NETHERLANDS, March 1991.
- 7/ 21st Annual Meeting of the Dutch Behavior Genetics Contact Group, Het Spelderholt, Beekbergen, THE NETHERLANDS, March 1992.
- 8/ Symposium "Neurobehavioral-Genetic Dissection of Two-Way Active Avoidance Learning in Rats and Mice", 22nd Annual Meeting of the Behavior Genetics Association, Boulder, UNITED STATES, July 1992.
- 9/ 22nd Annual Meeting of the Dutch Behavior Genetics Contact Group, Leiden, THE NETHERLANDS, March 1993.
- 10/ Symposium "Behavioural neurogenetics in mammals" (With Drs. H.-J. HOFFMANN and H. SCHICKNICK), 21st Göttingen Neurobiology Conference, Göttingen, GERMANY, June 1993.
- 11/ Symposium "Regulation of neurobehavioral development", 23rd Annual Meeting of the Behavior Genetics Association, Sydney, AUSTRALIA, July 1993.
- 12/ Workshop "Neurobehavioral Genetics" (with Prof. P.L. ROUBERTOUX), XVII International Genetics Congress, Birmingham, UNITED KINGDOM, August 1993.
- 13/ 23rd Annual Meeting of the Dutch Behavior Genetics Contact Group, Groningen, THE NETHERLANDS, February 1994.
- 14/ Symposium "Genetic analysis of brain-behavior relationships", 24th Annual Meeting of the Behavior Genetics Association, Barcelona, SPAIN, July 1994.
- 15/ Symposium "Neurobehavioral genetics of aggression", 24th Annual Meeting of the Behavior Genetics Association, Barcelona, SPAIN, July 1994.
- 16/ 24th Annual Meeting of the Dutch Behavior Genetics Contact Group, Amsterdam, THE NETHERLANDS, March 1995.
- 17/ Member of the Organizing Committee, First French-American Symposium "Heredity, Central Nervous System, and Behavior", Richmond, UNITED STATES, June 1995.
- 18/ Session "Neurobehavioral genetics and evolution", First French-American Symposium "Heredity, Central Nervous System, and Behavior", Richmond, UNITED STATES, June 1995.
- 19/ Director of the Première Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/First French-American Summerschool on Neurobehavioral Genetics, Paris, FRANCE, October 1995.
- 20/ Member of the Scientific Advisory Board, International Workshop on Stereology and Morphometry, Euro-Asian Commission of IBRO/Turkish Neuroscience Society, Izmir, Turquie, December 1995.
- 21/ 25th Annual Meeting of the Dutch Behavior Genetics Contact Group, Leiden, THE NETHERLANDS, April 1996.

- 22/ Member of the Organizing Committee, Deuxième Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/Second French-American Summerschool on Neurobehavioral Genetics, State College, UNITED STATES, June 1996.
- 23/ Codirector (with Prof. Donald NASH), Second French-American Symposium on "Heredity, Central Nervous System, and Behavior", Satellite Symposium, Society for Neuroscience, Washington, UNITED STATES, November 1996.
- 24/ Session "Recombinant DNA techniques in neurobehavioral genetic research" (with Dr. Robert GERLAI), Second French-American Symposium on "Heredity, Central Nervous System, and Behavior", Satellite Symposium, Society for Neuroscience, Washington, UNITED STATES, November 1996.
- 25/ 26th Annual Meeting of the Dutch Behavior Genetics Contact Group, Nijmegen, THE NETHERLANDS, August 1997.
- 26/ Director of the Troisième Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/Third French-American Summerschool on Neurobehavioral Genetics, Orléans, FRANCE, September 1997.
- 27/ Director, Third French-American Symposium on "Heredity, Central Nervous System, and Behavior", Orléans, FRANCE, September 1997.
- 28/ Session "Learning and Memory" (with Dr. Robert GERLAI), Third French-American Symposium on "Heredity, Central Nervous System, and Behavior", Orléans, FRANCE, September 1997.
- 29/ Session "Ethics" (with Dr. Donald J. NASH), Third French-American Symposium on "Heredity, Central Nervous System, and Behavior", Orléans, FRANCE, September 1997.
- 30/ Local Host, First Annual Meeting of the European Behavioural and Neural Genetics Society, Orléans, FRANCE, September-October 1997.
- 31/ Scientific secretary of the Quatrième Ecole d'Eté Franco-Américaine en Neurogénétique Comportementale/Fourth French-American Summerschool on Neurobehavioral Genetics, Greeley, CO, UNITED STATES, June 1998.
- 32/ Session "Animal Models", VIth World Congress of Psychiatric Genetics, Bonn, Germany, October 1998.
- 33/ Member of the Organizing Committee, Cinquième Ecole d'Eté Internationale en Neurogénétique Comportementale/Fifth International Summerschool on Neurobehavioral Genetics, Bordeaux, FRANCE, September 1999.
- 34/ Symposium "What genetically-defined animals can teach us about what is being learned in common laboratory tasks", 31st Annual General Meeting of the European Brain and Behaviour Society, Rome, ITALY, September 1999.
- 35/ Organizer, Second Annual Meeting of the International Behavioural and Neural Genetics Society "Knockouts and Mutants II: Genetically Dissecting Brain and Behavior", Key Largo, FL, UNITED STATES, October 1999.
- 36/ Symposium "Schizophrenia: Flies, Mice, and Man", Second Annual Meeting of the International Behavioural and Neural Genetics Society "Knockouts and Mutants II: Genetically Dissecting Brain and Behavior", Key Largo, FL, UNITED STATES, October 1999.
- 37/ Member of the Scientific Program Committee, Symposium Behavioural Phenotyping of Mouse Mutants, Cologne, GERMANY, February 2000.
- 38/ Session "Anxiety and Reactions to Novelty", Symposium Behavioural Phenotyping of Mouse Mutants, Cologne, GERMANY, February 2000.
- 39/ Local Host, Third Annual Meeting of the International Behavioural and Neural Genetics Society "Knockouts and Mutants III: Genetically Dissecting Brain and Behavior", Brighton, UNITED KINGDOM, June 2000.
- 40/ Member of the Organizing Committee, Sixth International Summerschool on Neurobehavioral Genetics/Sixième Ecole d'Eté Internationale en Neurogénétique Comportementale, Portland, OR, UNITED STATES, August 2000.

- 41/ Member of the Program Committee, Third International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2000", Nijmegen, THE NETHERLANDS, August 2000.
- 42/ Symposium "Behavioral phenotyping of rats and mice", Third International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2000", Nijmegen, THE NETHERLANDS, August 2000.
- 43/ Member of the Program Committee, 8th World Congress of Psychiatric Genetics, Paris, FRANCE, August 2000.
- 44/ Member of the Local Organizing Committee, 8th World Congress of Psychiatric Genetics, Paris, FRANCE, August 2000.
- 45/ Co-chair, session "Functional Polymorphisms", 8th World Congress of Psychiatric Genetics, Paris, FRANCE, August 2000.
- 46/ Member of the Organizing Committee, Seventh International Summerschool on Neurobehavioral Genetics/Septième Ecole d'Eté Internationale en Neurogénétique Comportementale, Stockholm, SWEDEN, July 2001.
- 47/ Member of the Program Committee, Fourth Annual Meeting of the International Behavioural and Neural Genetics Society, San Diego, CA, UNITED STATES, November 2001.
- 48/ Director of the Huitième Ecole d'Eté Internationale en Neurogénétique Comportementale/Eighth International Summerschool on Neurobehavioral Genetics, Worcester, MA, UNITED STATES, August 2002.
- 49/ Member of the International Advisory Board, Fourth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2002", Amsterdam, THE NETHERLANDS, August 2002.
- 50/ Member of the International Scientific Program Committee, 10th World Congress of Psychiatric Genetics, Brussels, BELGIUM, October 2002.
- 51/ Member of the Program Committee, Fifth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2005", Wageningen, THE NETHERLANDS, August 2005.
- 52/ Annual Meeting of the Dutch Behavior Genetics Contact Group, Wageningen, THE NETHERLANDS, March 2007.
- 53/ Member of the Program Committee, 17th Annual Meeting of the International Behavioral Neuroscience Society (IBNS), St. Thomas, US VIRGIN ISLANDS, June 2008.
- 54/ Member of the Local Organizing Committee, 17th Annual Meeting of the International Behavioral Neuroscience Society (IBNS), St. Thomas, US VIRGIN ISLANDS, June 2008.
- 55/ Member of the Scientific Program Committee, Sixth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2008", Maastricht, THE NETHERLANDS, August 2008.
- 56/ Chair. Measuring behavior in a clinical context. Sixth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2008", Maastricht, Pays-Bas, August 2008.
- 57/ Co-Chair of the Program Committee, 18th Annual Meeting of the International Behavioral Neuroscience Society (IBNS), Nassau, BAHAMAS, June 2009.
- 58/ Co-Chair, Symposium "Editor's pick", 12th Annual Meeting "Genes, Brain and Behavior", Halifax, Nova-Scotia, CANADA, May 2010.
- 59/ Chair of the Program Committee, 19th Annual Meeting of the International Behavioral Neuroscience Society (IBNS), Cagliari, ITALY, June 2010.
- 60/ Member of the Scientific Program Committee, Seventh International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2010", Eindhoven, THE NETHERLANDS, August 2010.

- 61/ Chair, Symposium "Editor's pick", 13th Annual Meeting "Genes, Brain and Behavior", Rome, ITALY, May 2011.
- 62/ Chair of the Program Committee, 20th Annual Meeting of the International Behavioral Neuroscience Society (IBNS), Steamboat Springs, CO, UNITED STATES, May 2010.
- 63/ Member of the Scientific Program Committee, Eighth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2012", Utrecht, THE NETHERLANDS, August 2012.
- 64/ Member of the Scientific Program Committee, 15th Annual Meeting of the International Behavioural and Neural Genetics Society, Leuven, BELGIUM, May 2013.
- 65/ Member of the Scientific Program Committee, 16th Annual Meeting of the International Behavioural and Neural Genetics Society, Chicago, UNITED STATES, May 2014.
- 66/ Member of the Scientific Program Committee, Ninth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2014", Wageningen, THE NETHERLANDS, August 2014.
- 67/ Member of the Scientific Advisory Board, Tenth International Conference on Methods and Techniques in Behavioral Research "Measuring Behavior 2016", Dublin, IRELAND, May 2016.

Membership of scientific societies

- 1/ Association "Ecole Internationale et Franco-Américaine d'Eté en Neurogénétique" (1995-2003).
 - President (1995-2000)
- 2/ Behavior Genetics Association (BGA), 1982-1996, 2005-2009
 - Member of the Membership Committee (1988-1991)
 - Member of the Public and Professional Affairs Committee (1992-1995)
 - Member of the Jury for the Thompson Award (1993)
 - Member of the Executive Committee (1993-1995)
- 3/ Boston Area Neuroscience Group (BANG), 2001-2005
- 4/ European Brain and Behaviour Society (EBBS), since 1990
 - Member of the Executive Committee (1996-1999)
 - Member of the Programme Committee (1996-1998)
- 5/ European Neuroscience Association (ENA), 1987-1998
- 6/ Federation of European Neuroscience Societies (FENS)
 - Founding Member of the Council (representing IBANGS, 1998-2000)
 - Member of the Ethics Committee (1999-2000)
 - Council Member (representing IBANGS, 2013)
- 7/ International Behavioral Neuroscience Society (IBNS), since 1995
 - Member of the Membership Committee (1996-2000, Co-Chair 1998-1999, Chair 1999-2000)
 - Member of the Council (Executive Committee; 1999-2002)
 - Member of the Nominations Committee (2000-2003, 2007, 2013)
 - Member of the Nominations and Awards Committee (2014-2015)
 - Member of the Personnel Committee (2003-2008; Co-Chair since 2007)
 - Member of the Fellows and Honorific Awards Committee (2003-2008)
 - elected Fellow (2001)
 - candidate for President (2001, 2002, 2003, 2004, 2010; and 2008 nomination not accepted)
 - Member of the Program Committee (2008-2010, Co-Chair 2009, Chair 2010, 2011)

- Mentor, Education and Training Committee (2007-2008)
- Member of the Local Organizing Committee (2008)
- 8/ International Behavioural and Neural Genetics Society (IBANGS; 1996-1997: European Behavioural and Neural Genetics Society), Founder (with Hans-Peter Lipp, Zurich, Switzerland), since 1996
 - Member-at-large of the Founding Executive Committee (1996-1997)
 - Treasurer (1997-1998)
 - Member of the Programme Committee (1997, 2001, 2012, 2013)
 - Webmaster (1997-2005)
 - Local Host (1997, 1999, 2000)
 - President-elect (1998-1999)
 - Member of the Publications Committee (1999-2001)
 - President (1999-2000)
 - Past-President (2000-2001)
- 9/ International Brain Research Organization (IBRO), since 1990
- 10/ International Society of Psychiatric Genetics (ISPG), since 1993
 - Member of the Membership Committee (since 1994)
 - Member of the International Scientific Programme Committee (1999-2000, 2001-2002)
- 11/ Nederlandse Contactgroep voor Gedragsgenetica (Dutch Behavior Genetics Contact Group), since 1979
 - President (1987-1997, 2007)
- 12/ Neurowissenschaftliche Gesellschaft (German Neuroscience Society), Founding Member (1991-1998)
- 13/ Société des Neurosciences (French Neuroscience Society), 1992-1999
 - Member of the Club Mémoire et Apprentissage, 1993-1999
- 14/ Society for Heredity, Nervous System and Behavior, (1994-2003)
 - Member-at-large of the Executive Committee (1994-2003)
 - Executive Director (1996-1998)
- 15/ Society for Neuroscience (SfN), since 2001

- 27/ National Science Foundation, Washington, DC, UNITED STATES (2010).
- 28/ Natural Sciences and Engineering Research Council of Canada, Ottawa, CANADA (2003, 2006, 2008).
- 29/ Nederlandse Organisatie voor Wetenschappelijk Onderzoek (Dutch Organisation for Scientific Research-Council for Earth and Life Sciences), The Hague, THE NETHERLANDS (2006).
- 30/ Nederlandse Organisatie voor Wetenschappelijk Onderzoek (Dutch Organisation for Scientific Research-Council for Medical and Health Research), The Hague, THE NETHERLANDS (1999).
- 31/ PRMRP Autism panel, American Institute of Biological Sciences, Reston, VA, UNITED STATES (on behalf of the US Army Medical Research and Materiel Command; 2005, 2007).
- 32/ Research Council, University of Leuven, BELGIUM (1999).
- 33/ Search Committee, Massachusetts Institute of Technology, Cambridge, MA, UNITED STATES (2000); Flanders Interuniversity Institute for Biotechnology, BELGIUM (2003); Katholieke Universiteit Leuven, BELGIUM (2005).
- 34/ Swiss National Fund for Scientific Research, Bern, SWITZERLAND (1993).
- 35/ Telethon Foundation, Milan, ITALY (2003, 2004).
- 36/ Tenure and Promotion Committees: University of Dalhousie, Dalhousie, CANADA (1995); Stanford University School of Medicine, Stanford, CA, UNITED STATES (1999); University of Toronto, Mississauga, CANADA (2004, 2008); United Arab Emirates University, Al-Ain, UNITED ARAB EMIRATES (2004); Wadsworth Center, State of New York Department of Health, Albany, NY, UNITED STATES (2005, 2006, 2008); University of British Columbia, Vancouver, BC, CANADA (2007); Rutgers University, Piscataway, NJ, UNITED STATES (2007); University of

- Massachusetts Medical School, Worcester, MA, UNITED STATES (2007, 2013); University of Massachusetts, Amherst, MA, UNITED STATES (2008); University of Tennessee, Memphis, TN, UNITED STATES (2008); Colorado State University, Fort Collins, CO, UNITED STATES (2008); University of Wyoming, Laramie, WY, UNITED STATES (2009); Hebrew University, Jerusalem, Israel (2009); Michigan Technological University, MI, UNITED STATES (2012); University of Idaho, Moscow, ID, UNITED STATES (2012); Kansas State University, Manhattan, KS, UNITED STATES (2013), University of Massachusetts Medical School, Worcester, MA, UNITED STATES (2013), University of North Carolina, Chapel Hill, NC, UNITED STATES (2013), Oklahoma State University, Stillwater, OK, UNITED STATES (2014), Indiana University - Purdue University, Indianapolis, IN, UNITED STATES (2015).
- 37/ Thesis Committees: University of Amsterdam, Amsterdam, THE NETHERLANDS (PhD, C. DOLAN, 1992); Université François Rabelais, Tours, FRANCE (Habilitation, C. BELZUNG, 1997); Université de Rennes, Rennes, FRANCE (PhD, S. RICHARD, 2000); Université Pierre et Marie Curie (Paris VI), Paris, FRANCE (PhD, E. LEPICARD, 2001); Otto-von-Guericke University, Magdeburg, GERMANY (Habilitation, D. BALSCHUN, 2002); Université d'Orléans, Orléans, FRANCE (Habilitation, B. MARTIN, 2002); Université François Rabelais, Tours, FRANCE (PhD, L. PRUT, 2003); Confederal Institute of Technology, Zurich, SWITZERLAND (PhD, D. GENOUX, 2003); University of British Columbia, Vancouver, CANADA (PhD, B. ABRAHAMS, 2004); University of Connecticut, Storrs, CT, UNITED STATES (PhD, A. CANASTAR, 2005); Radboud Universiteit, Nijmegen, THE NETHERLANDS (PhD, U. SCHRIDDE, 2005); Université Rene Descartes (Paris V), Paris, FRANCE (Habilitation, S. GRANON, 2005); Université de Bordeaux I, Talence, FRANCE (Habilitation, Y. CHO, 2007); Université Pierre et Marie Curie (Paris VI), Paris, FRANCE (PhD, G.H. PETIT, 2007); Université de Bordeaux I, Talence, FRANCE (PhD, S. DELCASSO, 2007); Free University, Amsterdam, THE NETHERLANDS (PhD, M.F. GOSSO, 2008); Université de Paris XI (Habilitation, S. DAVIS, 2008); Université d'Orléans (PhD, G. CALAS, 2008); Karolinska Institutet, Stockholm, SWEDEN (PhD, R.-M. KARLSSON, 2009); University of Utrecht, Utrecht, THE NETHERLANDS (PhD, M. LAARAKKER, 2009); Confederal Institute of Technology, Zurich, SWITZERLAND (PhD, T. Franklin, 2009); University of Orléans, Orléans, FRANCE (Habilitation, L. BAALA, 2010; Ph.D. A. DUCHON, 2011); Dalhousie University, Halifax, NS, CANADA (Ph.D. L. FRASER, 2013).
- 38/ Wellcome Trust, London, UNITED KINGDOM (1998, 2001, 2008).
- 39/ Wellcome Trust/DBT India Alliance, Hyderabad, INDIA (2012).

Research grants

- 1/ 1984-1985: Postdoctoral Fellowship. Quantitative-genetic analyses of learning performance, exploratory behavior, and number of hippocampal mossy fibers. NATO Science Fellowship, Dutch Organization for Pure Scientific Research (Z.W.O.), Den Haag, THE NETHERLANDS.
- 2/ 1985-1987: Postdoctoral Fellowship. Quantitativ-genetische Analysen vom Neugierverhalten, Shuttle-Box-Lernen und Anzahl der hippocampalen Moosgefäße in der Hausmaus (quantitative-genetic analysis of exploratory behavior, shuttle-box learning, and number of hippocampal mossy fibers in the hippocampus). Fondation ALEXANDER VON HUMBOLDT, Bonn, GERMANY.
- 3/ 1987: Neurotransmitter Glutamat und Schwachsinn unbekannter Genese: Familienstudie (Neurotransmitter glutamate and mental deficiency with unknown causes: Family study). Deutsche Forschungsgemeinschaft (D.F.G.), Bonn, GERMANY. (PI: F. VOGEL). Renewed: until December 1989.

- 4/ 1988: Postdoctoral Fellowship. A correlational analysis of spatial and non-spatial learning and structural variation of the hippocampus in the mouse. Fondation FYSSEN, Paris, FRANCE.
- 5/ 1989: Vieillesse normale et accélérée: Analyse génétique (Normal and accelerated aging: Genetic analysis). Contrat de Recherche Externe INSERM, Paris, FRANCE (Co-PI with C. COHEN-SALMON and P.-M. SINET, Paris, FRANCE).
- 6/ 1992-1994: Etudes des effets neuroanatomiques et comportementaux d'une alcoolisation prénatale chez trois lignées de souris consanguines (Neuroanatomical and behavioral effects of prenatal alcohol exposure in three inbred strains of mice). Institut de Recherches Scientifiques sur les Boissons (IREB), Paris, FRANCE (PI). Competing renewals: 1993, 1994.
- 7/ 1995-1997: Etudes des effets neuroanatomiques et comportementaux d'une alcoolisation chronique chez trois lignées de souris consanguines (Neuroanatomical and behavioral effects of chronic alcohol consumption in three inbred strains of mice). Institut de Recherches Scientifiques sur les Boissons (IREB), Paris, FRANCE (PI). Competing renewal: 1997.
- 8/ 1999-2002: Genetics and absence epilepsy: gene-environment interaction and gene characterisation. Nederlandse Organisatie voor Wetenschappelijk Onderzoek-Medische Wetenschappen (Dutch Organisation for Scientific Research-Council for Medical and Health Research), The Hague, THE NETHERLANDS (Consultant; PI: E.L.J.M. van LUIJTELAAR, Nijmegen, THE NETHERLANDS).
- 9/ 2000-2004: Validation of single and multiple transgenic mice models for Alzheimer's disease. 5th PCRDT, European Union, Brussels, BELGIUM (Co-PI; F. VAN LEUVEN, Leuven, BELGIUM, Coordinator; Co-PIs: J. MALLET, Paris, FRANCE; L. KACZMAREK, Warsaw, POLAND; H. KRETSCHMAR and C. HAASS, Munich, GERMANY; after moving to the US, my role as Co-PI was taken over by B. MARTIN, Orleans, FRANCE, but I remained involved as a consultant).
- 10/ 2001-2003: Evaluation of the behavioral effects of secretin, Repligen Corp., Waltham, MA, UNITED STATES.
- 11/ 2002-2004: Hippocampal neurogenesis and Accutane induced depression. 1 R21 MH066037-01, National Institute of Mental Health, Bethesda, MD, UNITED STATES (Co-Investigator, PI: Peter McCaffery).
- 12/ 2003-2006: IBANGS Annual Meeting support. 1 R13 AA014431-01, National Institute on Alcohol Abuse and Alcoholism (with additional support from NIMH, NICHD, NIA, and NIDA), Bethesda, MD, UNITED STATES (Co-Investigator, PI: John C. Crabbe).
- 13/ 2005-2007: Treating depression with histone deacetylase inhibitors. 1 R01 MH074114-01. National Institute of Mental Health, Bethesda, MD, UNITED STATES (Consultant, PI: Schahram Akbarian).
- 14/ 2005-2008: Autistic-like behaviors in *Fmr1* knockout mice. 12-FY05-1198, March of Dimes, White Plains, NY, UNITED STATES (PI).
- 15/ 2005-2006: Study of autistic traits in a mouse model of the Fragile X Syndrome. Equipment grant. 20051301006AB, Conseil Régional d'Aquitaine/Centre National de la Recherche Scientifique/Université de Bordeaux I, Bordeaux, FRANCE (PI).
- 16/ 2005-2008: Study of autistic traits in a mouse model of the Fragile X Syndrome. Graduate student stipend. Conseil Régional d'Aquitaine, Bordeaux, FRANCE (PI).
- 17/ 2005-2012: Genetic regulation of hippocampal anatomy and learning. 1 R01 MH072920-01, National Institute of Mental Health, Bethesda, MD, UNITED STATES (PI).
- 18/ 2007-2017: IBANGS Annual Meeting Support. 2 R13 AA014431-04, National Institute on Alcohol Abuse and Alcoholism (with additional support from NIMH)

- and NICHD), National Institutes of Health, MD, UNITED STATES (Co-Investigator, PI: John Crabbe, Portland, OR, UNITED STATES).
- 19/ 2009-2015: Neuroprotective effects of brain glycogen in hypoglycemia. 1R15DK078370-01A2/2R15DK078370, National Institute of Diabetes and Digestive and Kidney Diseases, National Institutes of Health, MD, UNITED STATES (Consultant, PI: Bartholomew Pederson). Competing renewal: 2012
- 20/ 2009-2014: SYSGENET - European systems genetics network for the study of complex genetic human diseases using mouse genetic reference populations COST-BM0901-131109-06351, European Science Foundation, Brussels, Belgium (Coordinator of Work Package 5: Training & Mobility).
- 21/ 2010-2011: Ultrasonic communication in a mouse model of Fragile X Syndrome and autism. CNRS/CNR-23779, Centre Nationale de la Recherche Scientifique/Consiglio Nazionale delle Ricerche, Paris, FRANCE, and Rome, ITALY (co-PI).
